

situations, to developing guidelines like those we are talking about today. These guidelines need to be in every school across America. With the passage of H. Con. Res. 309, they will be.

Mrs. MINK of Hawaii. Mr. Speaker, I have no further requests for time, and I yield back the balance of my time.

Mr. CASTLE. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I would just like to say in final closing, I cannot thank the gentleman from Texas (Mr. LAMPSON) enough for his continuing work on this issue, not just this legislation, but he truly has been the stalwart in the task force dealing with an issue which, as he said, is as important to him as anything we are doing in Congress, and I think it is to everybody.

Again, I would point out that this is a wonderful pamphlet, it is not a pamphlet, it is a little more than that, for anybody who has read it. It does not advertise any particular program, but it is a guideline for programs to reduce child victimization, a resource for communities when choosing a program to teach personal safety to children. I would encourage everybody to get a copy of this. You can contact any of the offices, I am sure, to get a copy of it. I think it is tremendously helpful to give to your schools back home.

Ms. JACKSON-LEE of Texas. Mr. Speaker, today I support H. Con. Res. 309 that expresses the sense of the Congress with regard to in school personal safety education programs for children.

I applaud Congressman CASTLE and Congressman LAMPSON's leadership on bringing this issue to the forefront.

As this resolution states, we as parents and leaders in our communities must encourage primary and secondary schools to implement quality child guidelines on how to protect themselves from abuse.

Unfortunately, the National Center for Missing and Exploited Children has concluded that most child safety programs are inadequate to promote personal safety for children.

It is estimated that instances of child abuse and neglect are over three times greater than what is reported to authorities. Already more than 3 million American children annually are reported as suspected victims of child abuse and neglect and children every day are abused. This amounts to a child abused every 10 seconds in this country.

In 1999, there were 867,129 confirmed missing individuals with around 90 percent of these being children.

Further, it is reported that in 1997 there were 84,000 confirmed cases of sexual abuse in the United States whereas 90 percent of these victims, who were under 12, knew of their offender.

In my district alone, there were 6,064 cases of child abuse or neglect in the Harris County area. That amounts to almost 30 percent of the children in my district being abused or neglected. In the State of Texas we have 44,532 children who have been abused or neglected.

In a Children's Task Force meeting I attended sponsored by my colleague Mr.

LAMPSON, Mr. Ernie Allen, president of the National Center further explained that the current school programs are dysfunctional because most abductions and abuse of children are the result of a known relative or family friend. Thus, the "Don't Talk to Stranger" campaign supported by most programs, fails to educate children about potential dangers in the home as well.

That is why I already support national organizations like Childhelp USA, and local organizations like Initiatives for Children in Houston which are helped educate both parents and children about child abuse and are instrumental in preventing future social problems related to child abuse.

I support this Resolution recognizing the National Center for Missing and Exploited Children. Since, The National Center for Missing and Exploited Children has already recently released research-based guidelines to assist schools as they select curricula aimed at reducing crimes against youth and I urge this Congress to pass this resolution in support of these guidelines.

Mr. ETHERIDGE. Mr. Speaker, I am in strong support of House Concurrent Resolution 309, the sense of Congress with regard to in-school personal safety education programs for children. I want to thank my colleagues from Texas, Congressman NICK LAMPSON and my colleague from Delaware, Congressman MIKE CASTLE for their leadership on this important issue. The safety of our children should be a bipartisan effort, and I am pleased my colleagues have worked in cooperation to advance this important cause.

Mr. Speaker, I rise today with a heavy heart to share with my colleagues the mourning that is taking place in and around Wake Forest, NC in my Congressional District. Four months ago, 9-year-old C.J. Wilkerson was reported missing from his home community. Month after month, friends, family members and even perfect strangers have prayed for the safe return of this little boy with the infectious smile who captured the heart of Wake County. Tragically, C.J.'s body was found last week in a wooded area in Raleigh.

As C.J.'s family lays to rest a young boy taken from this world far too soon, our thoughts and prayers go out to his family, friends and the broader community. As the former superintendent of North Carolina's schools, I want to call attention to the special needs of C.J.'s fellow students at Rolesville Elementary School. These children need individual attention from caring adults in order to come to grips with the trauma of a classmate plucked from within their midst. I know that the counselors, teachers and leaders of Rolesville Elementary have come together in mutual support to help our children through this tragedy. Schools can play a unique role to help children deal with acts of hate that make no sense. And schools can and do provide children with instruction and resources to keep them safe. Mr. Speaker, I know all of my colleagues join me in wishing our most sincere condolences for the family of C.J. Wilkerson. I want to thank my colleagues on the Missing and Exploited Children Caucus for their leadership on this issue to protect other communities from knowing the grief being experienced by those who today mourn C.J. Wilkerson.

Mrs. CASTLE. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore (Mr. PEASE). The question is on the motion offered by the gentleman from Delaware (Mr. CASTLE) that the House suspend the rules and agree to the concurrent resolution, H. Con. Res. 309.

The question was taken.

Mr. CASTLE. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair's prior announcement, further proceedings on this motion will be postponed.

□ 1700

SENSE OF HOUSE ACKNOWLEDGING AND HIGHLIGHTING EFFORTS OF ARAPAHOE RESCUE PATROL OF LITTLETON, CO

Mr. TANCREDO. Mr. Speaker, I move to suspend the rules and agree to the resolution (H. Res. 456) expressing the sense of the House of Representatives to acknowledge and highlight the efforts of the Arapahoe Rescue Patrol of Littleton, CO.

The Clerk read as follows:

H. RES. 456

Whereas in 1957 the Arapahoe Rescue Patrol, a non-profit organization that assists law enforcement agencies, fire departments and search and rescue missions, was established;

Whereas Stan Bush founded this program in 1957 to gather volunteers for community service to meet in the basement of Fire Station 12 in Littleton, Colorado;

Whereas this group has participated in 43 years of public service to the Denver metro area including: conducting search and rescue efforts, assisting in emergencies, and aiding in automobile accidents and fires;

Whereas over a thousand students have participated in the program and been involved in 2,226 rescue missions and contributed countless thousands of hours of community service; and

Whereas the commitment of these youths must be recognized to promote positive after school activities for today's young people: Now, therefore, be it

Resolved, That it is the sense of the House of Representatives that the Congress recognizes the Arapahoe Rescue Patrol of Littleton, Colorado for its 43 years of service to the local community, strong commitment from young adults, and selfless acts of community service to encourage positive outlets for young adults, teaching them a sense of commitment, responsibility, and belonging, all qualities essential to provide youth with the tools they need to succeed in the future.

The SPEAKER pro tempore (Mr. PEASE). Pursuant to the rule, the gentleman from Colorado (Mr. TANCREDO) and the gentlewoman from Hawaii (Mrs. MINK) each will control 20 minutes.

The Chair recognizes the gentleman from Colorado (Mr. TANCREDO).

GENERAL LEAVE

Mr. TANCREDO. Mr. Speaker, I ask unanimous consent that all Members

may have 5 legislative days within which to revise and extend their remarks on House Resolution 456.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Colorado?

There was no objection.

Mr. TANCREDO. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of House Resolution 456 to express the sense of the House to acknowledge and highlight the efforts of the Arapahoe Rescue Patrol. Since 1957, the Arapahoe Rescue Patrol has been helping shape the lives of young adults in and around the community of Littleton, Colorado.

Over the past 43 years, this organization has assisted in over 2,000 rescue missions throughout the State and participants have volunteered over 50,000 hours of work.

Young adults from around the community volunteer their time to aid and make a positive difference in their communities. They assist in every aspect of emergency response from fires to automobile accidents to searching for missing people.

I want to give special recognitions to Stan Bush, who in 1957 started this program in an effort to organize a group to assist in rescue missions. The problem was that no one was interested, anyway no adult. Stan had originally sought adults to assist in this program but when there was a complete lack of interest, he turned to the community's youth and the youth responded.

In fact, over 1,000 adolescents have responded over the last 43 years. Young people can start in the spring of their eighth grade year. They must provide their own equipment and that usually amounts to a cost of about \$500. They begin their training with a 3-day excursion into the Rocky Mountains and 3 days at a search and rescue school and then another 3 days living in the mountains, and then there is a 6-month probation period.

Only after they successfully complete this rigorous routine, they are made members.

The students must also maintain a C average in school to be part of the organization. After completing this program, many students have gone on to

become leaders in their own communities, from sheriff to fire chief to military academy graduates.

The Rescue Patrol has proven itself to be a positive influence in the lives of these students. This program represents what is so good about American young leaders and young people. We have so many good kids who make up this Nation, Mr. Speaker, I often worry why we do not take time to recognize them more often.

Just over a year ago, my community was rocked by the events of Columbine and we have all spent the last year asking why, and also asking what could be done to prevent crimes like this from happening again.

One factor that we have found to be of interest here is the preventive, and something that can prevent destructive behavior is after-school programs, or extracurricular activities.

The committees on which I have sat, Mr. Speaker, time after time after time have come back with a variety of different suggestions to the House and to community members as to what we can do to avoid these kinds of situations, and the one common thing that ran through every single response was that there is a time period from about 3:00 to 6:00 every single day that is not filled with positive stuff; that so many kids come home to empty houses; and this is a time when so many young people get into trouble.

This is a program that can help fill that particular void.

Long before the tragic events at Columbine, Stan Bush instituted the Arapahoe Rescue Patrol and the program has been paying dividends ever since. We may never know how programs such as this impact upon the actions of youth. We know it is positive in the long run. We do know that those who participate in the program admire, not disdain, the communities in which they live.

These kids are provided with a sense of belonging and also provide a direct connection to the communities in which they live. We spend countless hours examining and reexamining the actions of those who do harm to our communities but we forget about the vast majority of our youth that want to participate positively. It is time to

acknowledge what is good about young people.

Mr. Speaker, I have introduced legislation to do just that. I want to recognize all of those who have participated in the Arapahoe Rescue Patrol over the 43 years and say thanks to all of them, and at this point I insert into the RECORD the names of those who have served.

ARAPAHOE RESCUE PATROL EARNED CONGRESSIONAL PRAISE

U.S. Representative Tom Tancredo (R-CO) presented the organizers of the Arapahoe Rescue Patrol of Littleton with a copy of a Congressional Resolution on April 19 in Englewood, praising their efforts within the community.

"I wish every child in Colorado could participate in this program," Tancredo said. "When many young adults are crying out for role models, the Arapahoe Rescue Patrol has filled that important void for over a thousand Colorado children."

Stan Bush, director of the Emergency Planning Department for the city of Littleton, founded for the Patrol in 1957 as a non-profit organization that assists law enforcement agencies, fire departments and search and rescue missions. The volunteers gather in the basement of Fire Station 12 in Littleton, headquarters of the Patrol.

Most important, over one thousand students have participated in the program and been involved in more than, 2,200 rescue missions. Each student works approximately 10 hours a week assisting with emergencies, from fires and automobile accidents to searches for missing people.

Tancredo introduced House Resolution 456 on April 3 "to acknowledge and highlight the efforts of the Arapahoe Rescue Patrol." The resolution states:

"Resolved, That it is the sense of the House of Representatives that the Congress recognizes the Arapahoe Rescue Patrol of Littleton, Colorado for its 43 years of service to the local community, strong commitment from young adults, and selfless acts of community service to encourage positive outlets for young adults, teaching them a sense of commitment, responsibility, and belonging, all qualities essential to provide youth with the tools they need to succeed in the future."

"The children who have participated in the program are lucky, they have been associated with what I hope will be a model for every city in Colorado," Tancredo said. "I want to say thank you to the Patrol on behalf of all the citizens in the Sixth Congressional District and Colorado. I consider all of you heroes."

Mr. Speaker, I reserve the balance of my time.

Mrs. MINK of Hawaii. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in strong support of House Resolution 456. The Arapahoe Rescue Patrol is a professional search and rescue team headquartered in Littleton, Colorado, in the district of the gentleman from Colorado (Mr. TANCREDO).

It was founded in 1957 and has provided service to the community for the past 43 years. The Arapahoe Rescue Patrol is unique in that its membership is restricted to young adults currently in high school. The patrol, which has approximately 75 active members, is primarily a search and rescue organization but it also supports local fire departments and law enforcement organizations.

In 1998, the Patrol participated in 82 search-related activities and spent 52 days searching for missing persons.

While the service of the Arapahoe Rescue Patrol is clearly valuable to constituents represented by our colleague from Colorado, I believe that we can all learn a lesson from their activities. What is unique about this patrol in particular is that it is all high school age membership. Littleton's young people, who successfully complete the training for membership in the Patrol, are unselfishly contributing to their community.

This after-school program is certainly exemplary and offers a positive image of our youth. This sense of community worth and value is something that should exist in all areas of our country.

In that sense, I am very pleased to support this resolution, H.R. 456, and urge my colleagues to vote for it.

Mr. UDALL of Colorado. Mr. Speaker, I am in support of this resolution. I am glad that the House is considering it today.

For more than four decades, volunteers of the Arapahoe Rescue Patrol have assisted Colorado law enforcement agencies, fire departments and search and rescue missions. Founded in 1957 by Stan Bush, Director of the Emergency Planning Department for the city of Littleton, the Patrol is as a non-profit organization that with its headquarters in the Fire Station 12 in the city of Littleton.

More than one thousand students have participated in the Rescue Patrol's program and been involved in more than 2,200 rescue missions. Each student works approximately ten hours a week assisting with emergencies, from fires and automobile accidents to searches for missing people.

The Patrol's program benefits everyone—our communities, our law-enforcement agencies, and the young people who receive its training.

I join my colleague, Representative TANCREDO in urging the House to approve this resolution to acknowledge and highlight the efforts of the Arapahoe Rescue Patrol.

Mrs. MINK of Hawaii. Mr. Speaker, I yield back the balance of my time.

Mr. TANCREDO. Mr. Speaker, I have no other requests for time, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Colorado (Mr. TANCREDO) that the House suspend the rules and agree to the resolution, H. Res. 456.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the resolution was agreed to.

A motion to reconsider was laid on the table.

WORLD BANK AIDS MARSHALL PLAN TRUST FUND ACT

Mr. LEACH. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 3519) to provide for negotiations for the creation of a trust fund to be administered by the International Bank for Reconstruction and Development or the International Development Association to combat the AIDS epidemic, as amended.

The Clerk read as follows:

H.R. 3519

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "World Bank AIDS Marshall Plan Trust Fund Act".

SEC. 2. FINDINGS AND PURPOSES.

(a) **FINDINGS.**—The Congress finds the following:

(1) According to the Surgeon General of the United States, the epidemic of human immunodeficiency virus/acquired immune deficiency syndrome (HIV/AIDS) will soon become the worst epidemic of infectious disease in recorded history, eclipsing both the bubonic plague of the 1300's and the influenza epidemic of 1918-1919 which killed more than 20,000,000 people worldwide.

(2) According to the Joint United Nations Programme on HIV/AIDS (UNAIDS), 33,600,000 people in the world today are living with HIV/AIDS, of which approximately 95 percent live in the developing world.

(3) UNAIDS data shows that among children age 14 and under worldwide, 3,600,000 have died from AIDS, 1,200,000 are living with the disease; and in one year alone—1999—an estimated 570,000 became infected, of which over 90 percent were babies born to HIV-positive women.

(4) Although sub-Saharan Africa has only 10 percent of the world's population, it is home to 23,300,000—roughly 70 percent—of the world's HIV/AIDS cases.

(5) Worldwide, there have already been an estimated 16,300,000 deaths because of HIV/AIDS, of which 13,700,000—over 80 percent—occurred in Sub-Saharan Africa.

(6) According to testimony by the Office of National AIDS Policy, an entire generation of children in Africa is in jeopardy, with one-fifth to one-third of all children in some countries already orphaned and the figure estimated to rise to 40,000,000 by 2010.

(7) The 1999 annual report by the United Nations Children's Fund (UNICEF) states "[t]he number of orphans, particularly in Africa, constitutes nothing less than an emergency, requiring an emergency response" and that "finding the resources needed to help stabilize the crisis and protect children is a priority that requires urgent action from the international community."

(8) A 1999 Bureau of the Census report states that the average life expectancy in the Republic of Botswana, the Republic of Zimbabwe, the Kingdom of Swaziland, the Republic of Malawi, and the Republic of Zambia has decreased from approximately age 65 to approximately age 40—the lowest life expectancy in the world—due to high mortality rates from HIV/AIDS.

(9) A January 2000 unclassified United States National Intelligence Estimate (NIE) report on the global infectious disease threat concluded that the economic costs of infectious diseases—especially HIV/AIDS—are already significant and could reduce GDP by as much as 20 percent or more by 2010 in some sub-Saharan African nations.

(10) According to the same NIE report, HIV prevalence among militias in Angola and the Democratic Republic of the Congo are estimated at 40 to 60 percent, and at 15 to 30 percent in Tanzania.

(11) The HIV/AIDS epidemic is of increasing concern in other regions of the world with UNAIDS reporting, for example, that there are 6 million cases in South and South-east Asia, that the rate of HIV infection in the Caribbean is second only to sub-Saharan Africa, and that HIV infections have doubled in just two years in the former Soviet Union.

(12) Despite the grim statistics on the spread of HIV/AIDS, some developing nations—such as Uganda, Senegal, and Thailand—have implemented prevention programs that have substantially curbed the rate of HIV infection.

(13) AIDS, like all diseases, knows no boundaries, and there is no certitude that the scale of the problem in one continent can be contained within that region.

(14) According to a 1999 study prepared by UNAIDS and the Francois-Xavier Bagnoud Center for Health and Human Rights at the Harvard School of Public Health, HIV/AIDS is spreading three times faster than funding available to control the disease.

(15) The United Nations Secretary General has stated "[n]o company and no government can take on the challenge of AIDS alone," and that what is needed is a new approach to public health—combining all available resources, public and private, local and global."

(16) The World Bank, declaring AIDS not just a public health problem but "the foremost and fastest-growing threat to development" in Africa, has launched a new strategy for HIV/AIDS in Africa, declaring it a top priority for the Bank on that continent.

(17) The World Bank estimates that for Africa alone \$1,000,000,000 to \$2,300,000,000 annually is needed for prevention in contrast to the approximately \$300,000,000 a year in official assistance currently available for HIV/AIDS in Africa.

(18) Accordingly, United States financial support for medical research, education, and disease containment as a global strategy has beneficial ramifications for millions of Americans and their families who are affected by this disease, and the entire population which is potentially susceptible.

(b) **PURPOSES.**—The purposes of this Act are to prevent the spread of HIV/AIDS and promote its eradication, prevent human suffering, and to mitigate the devastating impact of the disease on economic and human development, social stability, and security in the developing world,

through the creation of a trust fund which is designed to—

(1) work with governments, civil society, non-governmental organizations, the Joint United Nations Program on HIV/AIDS (UNAIDS), the International Partnership Against AIDS in Africa, other international organizations, donor agencies, and the private sector to intensify action against the HIV/AIDS epidemic and to support essential field work in the most affected countries to assist in the development of AIDS vaccines; and

(2) seek to leverage financial commitments by the United States in order to mobilize additional resources from other donors, the private sector, nongovernmental organizations, and recipient countries to combat the spread of HIV/AIDS.

TITLE I—NEGOTIATIONS FOR THE CREATION OF A WORLD BANK AIDS TRUST FUND

SEC. 101. TRUST FUND TO ASSIST IN HIV/AIDS PREVENTION, CARE AND TREATMENT, AND ERADICATION.

The Secretary of the Treasury shall seek to enter into negotiations with the International Bank for Reconstruction and Development or the International Development Association, and with the member nations of such institutions and with other interested parties for the creation of a trust fund which would be authorized to solicit and accept contributions from governments, the private sector, and nongovernmental entities of all kinds and use the contributions to address the HIV/AIDS epidemic in countries eligible to borrow from such institutions, as follows:

(1) **PROGRAM OBJECTIVES.**—The trust fund would provide only grants, including grants for technical assistance, to support measures to build local capacity in national and local government, civil society, and the private sector to lead and implement effective and affordable HIV/AIDS prevention, education, treatment and care services, and research and development activities, including affordable drugs. Among the activities the trust fund would provide grants for would be programs to promote best practices in prevention, including health education messages that emphasize risk avoidance; measures to ensure a safe blood supply; voluntary HIV/AIDS testing and counseling; measures to stop mother-to-child transmission of HIV/AIDS, including through diagnosis of pregnant women, access to cost-effective treatment and counseling and access to infant formula or other alternatives for infant feeding; and deterrence of gender-based violence and provision of post-exposure prophylaxis to victims of rape and sexual assault. In carrying out these objectives, the trust fund would coordinate its activities with governments, civil society, nongovernmental organizations, the Joint United Nations Program on HIV/AIDS (UNAIDS), the International Partnership Against AIDS in Africa, other international organizations, the private sector, and donor agencies working to combat the HIV/AIDS crisis.

(2) **PRIORITY.**—In providing such grants, the trust fund would give priority to countries that have the highest HIV/AIDS prevalence rate or are at risk of having a high HIV/AIDS prevalence rate, and that have or agree to carry out a national HIV/AIDS program which—

(A) has a government commitment at the highest level and multiple partnerships with civil society and the private sector;

(B) invests early in effective prevention efforts;

(C) requires cooperation and collaboration among many different groups and sectors, including those who are most affected by the epidemic, religious and community leaders, non-governmental organizations, researchers and health professionals, and the private sector;
